

## Free to the Ruptured.

Dr. W. S. Rice, the Well-Known Authority, Sends a Trial of His Famous Method Free to All.

Out of the chain of old-time failures comes a new and startling cure for rupture. Dr. W. S. Rice, 425 N. Main st., Adams, N. Y., has invented a method that cures without pain, danger, operation or loss of time from the day's work. To avoid all questions of doubt he sends free to every sufferer a free trial of his method and there can be no earthly reason why any sufferer or poor, should not avail themselves of this generous offer. He will explain the remarkable method, the cure of Charles Lange, Morrison, Ill., a well-known "Work" foundation.

MR. CHAR. LANGE.

Mr. Lange is a well-known old gentleman, 72 years of age, who has suffered with a ruptured condition for many years. He writes: "After a short use of the Rice method the rupture healed entirely, and the cure was almost closed in a few weeks. Today he is as good as a dollar, and is free from all suffering and is only one of hundreds of similar cases reported by those who use the Rice method. Send for this free trial. Don't be backward, as it will surprise you with its wonderful power to heal, and it will give you of other ailments people ask them to write or write for them. Do not fail to write at once to Dr. W. S. Rice."

## ESTIMATES SHOW INCREASE OF 498.

Officials of Election Board Place Total Registration for Presidential Election at 137,860.

## MUCH WORK YET UNDONE.

Figures From Records Show a Healthy Growth in the Voting Population of St. Louis.—Revision in Progress.

Estimates made on the returns received up to last night by the Board of Election Commissioners indicate that the total registration this year is about 137,860, an increase of 498 over the total of 137,362 not all precincts have been heard from as yet, and these figures are, therefore, subject to change.

Tuesday's registration, by wards, is as follows: First ward, 1,312; Second, 2,552; Third, 2,411; Fourth, 2,421; Fifth, 2,321; Sixth, 2,321; Seventh, 2,321; Eighth, 2,321; Ninth, 2,321; Tenth, 2,321; Eleventh, 2,321; Twelfth, 2,321; Thirteenth, 2,321; Fourteenth, 2,321; Fifteenth, 2,321; Sixteenth, 2,321; Seventeenth, 2,321; Eighteenth, 2,321; Nineteenth, 2,321; Twentieth, 2,321; Twenty-first, 2,321; Twenty-second, 2,321; Twenty-third, 2,321; Twenty-fourth, 2,321; Twenty-fifth, 2,321; Twenty-sixth, 2,321; Twenty-seventh, 2,321; Twenty-eighth, 2,321; Twenty-ninth, 2,321; Thirtieth, 2,321; Total, 137,860.

The most difficult task devolving upon the clerks in the office of the Board of Election Commissioners will be to arrange, in rotation, according to street numbers, for each precinct, the list of names of the voters. The largest printing establishment in St. Louis has promised to use all the Mergenthaler machines to complete the lists of names of each precinct properly arranged. It is estimated by officials in the office of the Board of Election Commissioners that the office registration was about 45,000. Adding this figure with the returns of October 8, 1900, with those of October 12, 1900, and with those of October 18, 1900, the total would be 137,860, which is about 498 more than the total of 137,362. The estimate of what the total registration will prove to be.
